

We Just Met, all live links

Design assets deployed 2026-08-30 as static Vercel project `wejustmet-design` (team torivorallabz). All render fully (animations, JS), unlike Google Drive preview which shows raw source.

Design assets

Asset	Live URL	PDF fallback
Judge hub (everything embedded)	wejustmet-design.vercel.app	
Pitch deck	wejustmet-design.vercel.app/deck.html	deck.pdf
Submission page	wejustmet-design.vercel.app/submission.html	submission.pdf
Flow diagram	wejustmet-design.vercel.app/flow-diagram.html	flow-diagram.pdf
Orb preview (UI spec source of truth)	wejustmet-design.vercel.app/orb-preview.html	orb-preview.pdf

Product

Asset	Live URL
Live dashboard (real data, updates live)	wejustmet.vercel.app
Source repo (public)	github.com/rivora-labz/we-just-met
Android APK	<code>wejustmet-0.1.0.apk</code> (project folder / Google Drive)
Convex backend	deployment <code>bright-meadowlark-411</code>

Redeploy after edits: `cd design && vercel deploy --prod --yes`
Google Drive: keep only for `wejustmet-0.1.0.apk` download and the PDFs.
